

WEEKLY E-LETTER --

May 26, 2017

Greetings to you from Maritime Conference meeting!

The Court was constituted last evening and the next two days are packed full of business, learning and worship.

The keynote speaker is Rev. John Pentland from Calgary and I will be telling you more about him this summer.

It will be an interesting Annual Meeting as by the next one, the outcome of the Remits will be known and we could have a new structure for this United Church of ours. The major theme is from a story of Jesus in John 21. Have a look. It's all about risking doing things differently.

There are visitors from other denominations at the meeting including The United Church of Christ in the US and the Anglican Church of Canada, and a few from General Council in Toronto.

There are about 10 of us here from Wilmot, so you are well represented. We send you blessings and will think of you Sunday when our talented Choir members will lead worship at Wilmot.

After more than 15 years of taking my days off on Monday and Friday, I have decided to take two consecutive days off - Friday and Saturday - beginning next week.

You can reach me by phone or email over the weekend if it is necessary.

Peace be with you,

Rose~Hannah
